Scott, Dr. Arthur Melville [Superintendent of Schools, Calgary, Alberta] Dec. 1914

November 2nd, 1914

Dr. A. M. Scott,

Superintendent of Schools,

Calgary, Alta.

My dear Dr. Scott:

I have to thank you for your two letters enclosing documents relative to the schools of Calgary, the second was forwarded to me and has just reached me. It is interesting to find that so many are drawn from outside the city.

We left Edmonton on Thursday morning, and I reached Toronto on Monday night. Our time has been very fully occupied but we are making progress. I look back with much pleasure to the three days we spent in Calgary and to the opportunity that I had of meeting so many interesting citizens of the place. I am glad to learn also that your own work is progressing so favourably.

With kind regards, I am,

Yours sincerely,

President.
